## DISREGARD AS OF DISPOSITION DATE

There have been several trouble tickets logged regarding the use of dispositions. The system errors have led to some confusion as to exactly how these dispositions should work in LIDS. For any charge disposed of with a disposition to disregard, that charge will be ignored, and not considered in the payment category algorithm, as of that day. The following examples should provide additional clarification regarding how these disregard dispositions affect the monthly payments.

Ex: Daisy Ridley is held on two charges, NAR-3002-F6 and ASL-1315-M1. The felony charge was sentenced on January 1st to two years, with the misdemeanor charge still outstanding. The assault charge was nolle prosequi and disposed of in LIDS with NP on March 2nd, this means that on March 2nd the payment category for this inmate would be SR Felon A. For the month of March this inmate would be paid 1 day as Pending SR, and 30 days SR Felon A.

Ex: Jon Snow is held on two charges, FTA-5020-M1 and LIC-6863-O1. The ordinance charge was sentenced on January 1st, with the misdemeanor charge still outstanding and the confinement still payable. On March 10th the misdemeanor charge was dismissed and disposed of in LIDS with CD, this means that on March 10th the payment category for this inmate would be Ordinance Violator, and the confinement would cease to be payable. For the month of March this inmate would be paid 9 days as Pending Ordinance Violator and 22 days as Ordinance Violator (non-payable).

The following are LIDS dispositions that direct the system to disregard as of the disposition date: AD,NC,NG,NP,BO,PA,BS,PD,CD,PR,RE,SC,CU,SS,TS,FI.

## VSP-229 FORM NO LONGER REQUIRED

Historically, the Virginia State Police (VSP) has required that all jails and correctional facilities complete a VSP-229 form for any individual convicted of a felony and suspected of being an illegal alien. §53.1-218, which is cited on form VSP-229, charges the jails to report alien status to the Compensation Board, via the LIDS-ICE tracking system. The Compensation Board initiates a monthly interface with the Criminal Records Exchange to communicate illegal alien status for jail inmates to the VSP. The VSP has now acknowledged that the jails reports to the Compensation Board via the LIDS-ICE tracking system satisfy the requirements of §53.1-218. Therefore the VSP will no longer be requiring jails to complete and submit forms VSP-229.

### NEW LIDS ADVISORY COMMITTEE MEMBER

The Compensation Board would like to welcome Claudia Wilson of the Chesterfield County Sheriff's office to the LIDS Advisory Committee. Claudia began her career with the sheriff's office as their LIDS Technician in October, 2012. Prior to coming to the sheriff's office Claudia assisted in the compilation of police reports and worked on several task force operations at the Chesterfield County Police Department.

The Compensation Board looks forward to Claudia's input and contributions to the committee.

### JAIL TECHS.COM

Jailtechs.com is a new website developed by Southwest Virginia Regional Jail's IT Director, Michael Price. The website is intended to be a resource for technology professionals working within jails as well as LIDS Technicians. The primary purpose of the website is to share information and best practices between jails. There will be forums in which jail staff may share ideas and solicit opinions, as well as blog posts with established precedent for certain situations or policies/procedures. There will also be news articles relevant to jail enterprises as well as helpful hints in using Microsoft Office products

The basic categories are: inmate records, jail management systems, inmate calls and visitation, commissary systems, mugshots, scheduling and rounds logging. To receive access and join the discussion simply type jailtechs.com into your browser and click on the Register option in the far right corner.
